

WHY PCRM?

Our lab is of the highest standards in global sophistication for IVF lab design. Our air handling and quality assurance systems are designed to optimize fertility success, and protect patients from harm.

Our staff comes from a history of excellence in reproductive care.

Although outcomes are paramount, equally important is how you are treated at PCRM. Individualized care is the cornerstone of our philosophy.

Our focus is on the delivery of the highest quality health care, and excellence in reproductive medicine.

Infertility Care

In Vitro Fertilization - IVF
Intracytoplasmic Sperm Injection - ICSI
Intrauterine Insemination - IUI
Donor Services
Egg Freezing

Prenatal Screening

First Trimester Screening - FTS
